Cañon City Area Metropolitan Recreation and Park District November 12, 2026
Request for Proposals #2026-04
Concrete Pad for Harrison Park Mini-Pitch Court

The Cañon City Area Metropolitan Recreation and Park District, or "DISTRICT," requests proposals from qualified firms specializing in concrete aggregate pads. The selected firm will demo the existing pad, form and pour a new pad, and provide the finish work. The pad is located at Harrison Park, 490 North Cottonwood, Cañon City, CO.

HISTORY OF THE DISTRICT

The Cañon City Area Metropolitan Recreation and Park District was formed in 1965 as a Title 32 Special District to build and operate a seasonal outdoor swimming pool. Since then, the DISTRICT has expanded its facilities to meet the recreational needs of Cañon City and the surrounding community by adding three traditional parks, two open space parks, and the area's most popular trail for walking, running, and biking. The plan also includes a full slate of programs and special events. The DISTRICT accomplished all of this without increasing the mill levy since its formation in 1965. The DISTRICT's mill levy remains at 3.509, with only slight increases to adjust for abatements. This year, 2026, the mill levy is 3.516. The DISTRICT works diligently to serve the community with a limited budget. Our goal every year is to meet our community's recreation needs for the citizens we proudly serve.

SUBMISSION OF PROPOSALS

The DISTRICT is seeking a company to provide a concrete pad for the mini-pitch court. The current basketball court is too small and has the wrong finish, so this project will require a new pad. The specifications are 87' x 63' and 5" thick, with a minimum 2000 PSI mix. It must have a broomed finish. Trucks will have site access. The concrete would need to be poured in February, but the final date will be determined soon. The DISTRICT is currently working with local suppliers on the proposal of concrete materials for this project. Please itemize your proposal by separating the removal of the existing pad from the pouring of the new pad. Please also identify your preferred concrete supplier as part of your proposal.

The DISTRICT will hire a company based on experience, quality, product longevity, ease of installation, and price. The DISTRICT will select the company that best meets the overall expectations for this project.

If your company is willing to provide a discount or donation to the DISTRICT for this project, please note that in the budget. This discount or donation could qualify your business to have a logo on the mini-pitch court.

SEND PROPOSALS TO

Proposals are due by 12 p.m. on Tuesday, November 24, 2026. You may email them to khorne@ccrec.org, or drop them off at:
